

PARTNERSHIP OPPORTUNITIES

Mentoring transforms lives!

College Mentors for Kids connects kids to college students through weekly on-campus activities that inspire growth, confidence, and brighter futures.

Our unique dual-impact program engages under-resourced youth in hands-on afterschool learning through our signature mentor program which features:

- One-on-one mentoring relationships between elementary school children (grades 1-6) and college students
- Weekly, campus-based activities
- Structured programming conducted in a group setting that features social-emotional learning, literacy, career exploration, and exposure to a variety of majors and careers
- Service and leadership development opportunities for college student volunteers

Your support as a sponsor helps College Mentors provide this program at no charge to our families and little buddies.
